

ECMC Behavioral Health Outpatient Clinics & Help Center Update Related to COVID-19

March 25, 2020

The difference between healthcare and true care™

ecmc.edu

ECMC remains committed to our clients and our community. As an essential business, ECMC services will continue to be available. We are here for our current clients and continue to accept new clients as well. The health and wellbeing of our staff, the individuals we serve, and the community is our top priority. Due to public health concerns we are providing Telepractice Services as an alternative to on site sessions at this time— please contact our office to set up a Telephonic appointment.

If you need medication or injections, you will be contacted by one of our staff. For scheduled appointments, your counselor will call you at the time of your appointment.

Anyone entering ECMC outpatient clinics will be screened:

- ECMC is closely following all information from the Centers for Disease Control, the NYS Department of Health, and the Erie County Health Department.
- ECMC will continue to provide updates on our website and social media sites.
